

CARBON OFFSET DETAILS

Lab-Grown Diamond

Shape: EMERALD CUT

Carat Weight: 1.58 CARATS

Measurements: 8.03 x 5.5 x 3.58 MM

Grading Organisation: IGI

Report Number: LG681580312

Type: CVD

Carbon Neutrality

Certification Number: CN98880347

Report Date: 28TH AUGUST 2025

Carbon Offset Project: 22.5 MW WIND POWER

Methodology: ACM0002

Project Location: RAJASTHAN, INDIA

Project Impact: 45 GWH OF CLEAN ELECTRICITY ANNUALLY - THE EQUIVALENT OF POWERING 10,500 HOUSEHOLDS EVERY YEAR.

CERTIFIED SUSTAINABLE DEVELOPMENT GOAL IMPACTS

Ensure access to affordable, reliable, sustainable, and modern energy.

Promote inclusive and sustainable economic growth, employment, and decent work for all.

Take urgent action to combat climate change and its impacts.

OUR PROCESS

1. Preliminary Investigation

Clear Neutral gathers empirical data pertaining to the provenance and production processes of the lab-grown diamond.

2. Carbon Audit

Clear Neutral follows the internationally-recognised ISO 14060 family of standards and Greenhouse Gas Protocol to determine the associated carbon emissions generated.

3. Carbon Offset Strategy

Clear Neutral invests in global environmental projects, selected with the objective of reducing carbon liabilities and promoting sustainable practices.

4. Certification

Upon completion, the lab-grown diamond attains Clear Neutral certification signifying its status as carbon-neutral and an eco-friendly choice for consumers.

CERTIFIED CARBON NEUTRAL

This certificate attests that the lab-grown diamond reported on this document is certified to be carbon neutral. 100% of the emissions have been offset through projects that meet the four requirements: additionality, permanence, exclusion of double counting, and independent audit.

To ensure the highest level of environmental responsibility, we take a conservative approach by offsetting up to 100% more than required to account for any energy usage fluctuations or variations.

Clear Neutral is an independent third-party carbon-neutral verification organisation. Our stringent certification process guarantees that emissions have been accurately measured and that offsets are valid. Our 100%/100% approach to offsetting emissions ensures that you are purchasing a responsibly-sourced lab-grown diamond and supporting sustainable practices.

The laboratory-grown diamond described in this Report has been verified, analysed, and examined by Clear Neutral. This Report includes advanced security features for protection against false carbon neutral certification. The seal below certifies the laboratory-grown diamond in this report to be 100% carbon neutral.

THIS REPORT IS NEITHER A GUARANTEE, VALUATION, NOR APPRAISAL OF THE DIAMOND DESCRIBED HEREIN.
